

December 2017

JEW  
FOR  
JESUS

Merry Messiah-mas!

No doubt this is a strange greeting, but when you think about it, Joseph and Mary Christ didn't have a baby with their last name. Yeshua is the MESSIAH, and even if He were not born on 25 December, it's still a great time of year to remember when the Light of the World invaded this darkened planet. He came to die, and rise again, and as a result to give us Eternity. Thanks be to God!

As the year winds down, and what some call this "the silly season," I'm especially grateful for each of you who receives and reads our news, to each who prays for us, those who give financially and who have recommended us to their pastor or prayer groups.

Each week into our little refurbished shop on Bronte Road in Bondi Junction, Jewish people drop in. The other day Simon, a 30-something Jew from nearby came in. He said he wanted to buy a gift. He found something and approached the till. But the candle he bought was only a

cover for the real reason he came. I offered him some literature about Yeshua, and he immediately opened his bag. He had come to the shop specifically to enquire, but he couldn't admit that, even to himself. Let's see what prayer and that literature will do in Simon. Amen?

So many folks are coming by to get their holiday shopping - we do have unique gifts and don't forget our 16-month calendar for all year 2018. Adult coloring books, CDs, oils and candles... we have so much. Books on Israel, on evangelism, testimonies. God has given us over 800 products and we love to help people get what they need.

In 2018 we anticipate more opportunities here in Sydney and throughout the country, to share with Jewish people -- maybe even where you live. Please pray for God's guidance as our team coordinates schedules.

Please use the form below, cut along the line, and send it back to us, won't you? We enjoy hearing from our friends, especially at this time of year.

May your 2018 be full of joy and grace. We are grateful for you.

Bob Mendelsohn
