Recommendation re: *Jews for Jesus*

I first became aware of *Jews for Jesus* when I moved to Sydney in 2004 and one of the Chatswood Adventist Church members showed me a *Jews for Jesus* newsletter which I found to be of personal interest.

A couple of years later I was asked if we would like a *Jews for Jesus* representative to preach at our church so in May 2006 we invited Rahel Landrum to speak about *Christ in the Passover* at a Communion Service and the insights Rahel was able to share made it one of the most meaningful services I've ever participated in.

In February of this year we again invited a representative from *Jews for Jesus* to preach at our church and this time Bob Mendelsohn spoke about *Jesus in the Old Testament*. Bob's presentation was comprehensive, interesting and inspiring and this along with some unexpected musical talent ☺ made for a spiritually rich and fun morning together.

It has to be said that *Jews for Jesus* offers a depth of knowledge that truly enhances our understanding and experience of Jesus Christ and I not only support this ministry but encourage other Christians to be blessed by them as well!

Yours sincerely,

Susan Redman
